GUARANTEED ANALYSIS

Total Nitrogen (N)	12.00%
0.19% Ammoniacal Nitrogen	
11.04% Water Insoluble Nitrogen*	
0.77% Water Soluble Nitrogen	
Available Phosphate (P ₂ O ₅)	2.00%
Calcium (Ca)	2.00%
Sulfur (S)	1.25%
1.25% Combined Sulfur (S)	

Source of Nutrients:

Hydrolyzed feather meal, meat meal, bone meal and blood meal.

* This product contains 11.04% slow release nitrogen from hydrolyzed feather meal and meat meal.

General Information:

Nature Safe 12-2-0 has been designed to expand the organic fertility options to turf managers, landscape operators and organic farmers alike. This product can be blended with other fertilizer ingredients in order to customize a formulation to meet the varied needs of the customer or as a stand alone fertility product in areas where potassium is not needed. Available in Super Fine (greens grade), Coarse (fairways) and Landscape grade, Nature Safe 12-2-0 provides tremendous food energy to stimulate soil microbial populations and allow for efficient nutrient uptake to the plant. The nitrogen source is derived from premium quality hydrolyzed feather meal, meat meal and blood meal, while bone meal is a natural source for the chelated phosphorus and calcium. It is also recommended as a nutritional supplement for an overall fertility program. Nature Safe 12-2-0 is OMRI (Organic Materials Review Institute) listed and is allowed under NOP guidelines validating its use in the production of organic certified crops.

Directions for Use:

This fertilizer is to be used to blend with other fertilizer ingredients. For best results, formulate 12-2-0 at 50% or greater of the total weight of the blend.

Established Turfgrass: Use as a topdressing for greens, tees, roughs and fairways or any established turf. Apply 4.25 to 8.5 lbs. per 1,000 sq. ft. (0.5 to 1 lb. actual N). Results are enhanced during aeration. Covers from 6,500 to 12,000 sq. ft.

Super Fine grade product suggested for use on turf mowed at heights of 1/8" or lower.

Coarse grade product suggested for use on turf mowed at heights over 1/8".

New Turfgrass Seeding: Incorporate 8.5 lbs. per 1,000 sq. ft. into the top 2-4 inches of the seedbed before seeding or sodding. Covers up to 6,000 sq. ft.

Organic Farming:

Formulation	50 lbs. N/A	100 lbs. N/A	150 lbs. N/A	200 lbs. N/A
12-2-0	417 lbs.	833 lbs.	1250 lbs.	1667 lbs.
