

Nature Safe®

8-5-5
Landscape Grade
(Pelleted)

*A Premium Lawn and Garden Formula
of Natural & Organic Ingredients*

Net Wt. 50 Lbs.
or Bulk Bag

GUARANTEED ANALYSIS

Total Nitrogen (N)	8.0%
0.3% Ammoniacal Nitrogen	
6.8% Water Insoluble Nitrogen*	
0.9% Water Soluble Nitrogen	
Available Phosphate (P ₂ O ₅)	5.0%
Soluble Potash (K ₂ O)	5.0%
Calcium (Ca)	4.5%
Sulfur (S)	1.0%
1.0% Combined Sulfur (S)	

Source of Nutrients:

Meat meal, hydrolyzed feather meal, bone meal, blood meal and sulfate of potash.

*This product contains 6.8% slow release nitrogen from meat meal.

General Information:

Nature Safe 8-5-5 has been formulated to deliver a balanced fertility package with primary and secondary nutrients ideal for lawns, landscapes and organic crops. Nature Safe 8-5-5 consists of various pet food grade proteins such as meat, bone and blood meals, that provide slow release nitrogen over a 7-8 week period. 8-5-5 contains 4.5% chelated calcium, an essential nutrient for plant and soil health. Carbohydrates in the form of simple sugars and starches are added to stimulate microbial activity. Humus is included to buffer the soil against extreme salt concentrations and improve soil structure for tolerance during heat and drought conditions. Virtually all of the product is utilized through plant uptake, with minimal leaching and volatilization. Nature Safe 8-5-5 is OMRI (Organic Materials Review Institute) listed, and allowed under NOP guidelines validating its use in the production of organic certified crops. Nature Safe is the only company to have certified all of its operations through Audubon's Cooperative Sanctuary Program, serving as a model for environmental stewardship excellence and safety.

Directions for Use:

Established Turfgrass: Use as a topdressing for lawns, landscapes or any established turf. Apply 6.25 to 12.5 lbs. per 1,000 sq. ft. or 3.0 kg to 6.0 kg per 100 m² (0.5 lb. to 1 lb. of actual N). Results are enhanced during aeration. Covers from 4,000 to 8,000 sq. ft.

Grow-ins: Apply 12.5 lbs. of product per 1000 sq. ft. for 1 lb. of actual nitrogen to be raked into the top 4 inches of topsoil during seedbed preparation.

Flower Beds: In early spring apply 1 lb. (2 cups) per 25 sq. ft. Work into soil bed, plant flowers and water. Repeat application when buds begin to bloom.

Organic Farming:

Formulation	50 lbs. N	100 lbs. N	150 lbs. N	200 lbs. N
8-5-5	625 lbs.	1250 lbs.	1875 lbs.	2500 lbs.
